

HARDCORE

The format that revolutionized the graffiti world continues to undergo constant evolution in order to fulfil the market's demands. Thanks to Montana Colors' experience in the field, Hardcore comprises maximum aerosol paint development, making it one of the best performing gloss spray paints on the market.

Intensified color to the nth degree. The power of Hardcore doesn't just reside in its high pressure which guarantees a unified output until the end. The range of 112 shades it offers encompasses a wide spectrum of intense colors whose gloss finish makes them more striking.

Due to its fast-drying, good hardening and durable characteristics, this tool par excellence in the graffiti community is also a valid product for domestic, industrial and artistic uses where the properties of a high quality paint are required.

More than a spray paint, it's an attitude. Hardcore is Montana Colors' most historic product. Its 400 ml size released in 1996 became an aerosol format that adapted perfectly to the needs of writers, and has established itself as the standardized size in the graffiti world. Its name makes reference to the feeling you get when spraying one while using a Fat Cap.

112 Colors · 400 ml

Gloss paint · High pressure

Perfect coverage · Intense colors

Ultra fast drying · Synthetic paint

Pocket Cap

Medium line.

1,4 / 2,5 cm ø.
