

MEGA PLATA / MEGA COLORS

SPRAYS

Mega Plata 600 ml

A 600 ml acrylic, chrome spray paint with an intense gloss finish. Mega Silver is very fast-drying and takes full advantage of its valve's power to discharge the paint at a high velocity, leaving behind a fat line with the ideal coat of paint.

In the case of Mega Plata, you can cover an area of 9.60 m² and paint 18cm diameter outlines with a Hardcore Fat Cap. In fact, the can's design includes a life-sized example of what a sprayed dot from a Mega Silver looks like.

600 ml · Gloss paint · Very fast drying
High pressure · High coverage

1 Color.

MARKERS

Mega Colors 600 ml

Mega Colors are the evolution of the classic Montana Colors Mega can. This paint possesses practically the same properties as Hardcore but comes in a 600 ml format. That translates not only to a greater quantity of paint, but also to a more powerful spray output that projects a much wider outline due to its valve system.
