

MONTANA BLUE 400ML

HIGH-COVERING, QUICK-DRYING WATER-BASED ARTIST SPRAY PAINT

Developed for classic Graffiti, Street Art, and Studio work, Montana BLUE combines precise handling with reliable performance - similar to Montana GOLD and Montana BLACK. Its low-odor, water-based formula ensures strong adhesion and smooth application on a wide range of surfaces including concrete, metal, wood, cardboard, glass, plastic, Styrofoam, foam, and canvas.

EXTREMELY LOW ODOR

Highly pigmented for outstanding coverage and long-lasting results. The extremely low odor makes it ideal for indoor use, while fast drying and quick overpaintability enable efficient workflows and rapid layering.

82 MATTE COLORS + STRONG ADHESION

A versatile matte color range with very strong adhesion for high durability across multiple surfaces. The medium pressure system provides smooth, consistent control from start to finish. Once fully cured (48h+), the paint is weather-resistant and suitable for indoor and outdoor use, and can also be applied with a brush. Increase durability with Montana VARNISH 400ml.

ENHANCED SUSTAINABILITY

Water/alcohol-based formula with reduced solvents and lower aromatics. Binder contains 56% bio-based carbon content.

DRYING TIMES

Touch dry after approx. 30 min, fully cured after 48–72 h.

* Recoatable after 2–4 min. Best applied at 15–30°C

(surface 10–30°C, <60% humidity). Heat-resistant up to 80°C

** Weather resistant once fully cured (48–72 h).

*** Lightfastness varies depending on color tone.

LOW ODOR ARTIST PAINT

Montana BLUE is a water-based, low-odor spray paint developed for graffiti, street art, studio work, and a wide range of creative applications. It offers high coverage, strong adhesion, and compatibility with multiple surfaces.

The highly pigmented formula ensures outstanding coverage and long-lasting results. Its extremely low odor makes it ideal for indoor use and a preferred choice for many graffiti writers working in enclosed or shared environments.
