

## Product information | TECHNICAL DATA SHEET

### TECHNICAL MARKER.

Weight: 11,4 g 0.4 Oz.

#### GENERAL DESCRIPTION

Fineliner with a water-based, high pigment, fast-drying ink. Ideal for outlining, drawing, sketching and writing.

#### CHARACTERISTICS

- Water-based, high pigment ink (for the 1 mm Brush and Calligraphy sizes).
- Water-based ink (for the 0.1, 0.3, 0.5, and 0.7 sizes).
- The gold and silver Fineliners have high opacity finishes on dark surfaces.
- Measures 1 mm; Brush and Calligraphy work perfectly over silver and gold.
- Easy to apply and good fluidity.
- Does not contain lead or heavy metals.
- Does not contain aromatic solvents.
- Intense black.
- Available with 0.1, 0.3, 0.5, 0.7, 1 mm, and 1-3 mm tips (Brush and Calligraphy).
- Pack of 7 units (black ink).
- Pack of 3 units 1 mm (black, gold and silver).

#### APPLICATION

The product is suitable for use on all types of paper. On other surfaces, carry out a test prior to use.

#### INSTRUCTIONS AND CONDITIONS FOR USE

- Apply on paper.
- Water resistant once dry.
- Water soluble.
- Contains colored pigments (Gold and Silver contain heavy metals).
- Store the product in vertical position.
- Does not irritate the skin, clean with water and soap.
- Request safety data sheet.
